

REMARKS

Applicant acknowledges the Quayle Action of 27 MAR. 2007 and requests reconsideration of the application, as amended.

Applicant appreciates the Examiner's alertness in pointing out the "antecedent basis" issues mentioned on page 2 of the Quayle Action, and has adopted the Examiner's helpful suggestions for changing the dependencies of claims 5, 11, and 12.

Page 2, last sentence, of the Quayle Action apparently was intended to refer to Claim 10, line 3, not Claim 12, line 3, and the correction has accordingly been made to Claim 10.

In view of the indication, in Paragraphs 3-4, that all the claims contain allowable subject-matter, the reference numerals, which were provided merely as a reading aid for the Examiner, are now superfluous, and have been deleted.

If the Examiner detects any remaining informalities, or wishes to make any suggestions to place the application in condition for allowance, a telephone call to Applicant's counsel is invited. Passage to allowance is solicited.

Respectfully submitted,

/Milton M. Oliver/
